

Wireless Screwdriver & Organizer for  
Implant Prosthetics

CE

### Recommendations:

"A wonderful invention, incredible ergonomics and function. The Omplant Driver advantages include safety, comfort and speed... Highly recommended for all implant practitioners".

**Dr. Paulo Malo** DDS/PhD, CEO Malo clinic, Portugal

"A great device for the implant practices. Saves time, very comfortable for the patients".

**Prof. (NYU) Adi Palti**, Chairmam IAOL, DGOI

"An excellent tool for an office, convenient and safe to use. Very effective in all cases of posterior implants".

**Prof. David Kohavi**, Prostodontist and Periodontist, Manager of "Hadassah" Dental Implantology Center, Jerusalem

"The more I use it, the more I cannot do without".

**Dr. Stefano Gracis**, DMD, MSD, Milano

"The best purchase I have ever done in my clinic ! A super cost-benefit value!... a must-have ...Ingenius invention... driver and organizer method...Nothing to compare with any other existed device".

**Dr. Muller Eithan**, DMD
